College / Project experience:

www.bungalistic.co.uk ~ My personal website and online CV. Built using CSS and Flash this site hosts various bits of artwork, animation and photography some just personal pieces for fun and also some examples of various college projects and work.

www.thebayhorsehotel.co.uk ~ A site I designed for a client of Explore UK Ltd, a simple Hotel website with contact form and updateable offers page using cushycms.

Jackrabbitt.net ~ A site I help run, manage, update and design for an active group of sports enthusiasts in Carlisle and Scotland.

Interests:

I like to keep fairly active in my spare time and go Mountain Biking and Snowboarding, I also do a little bit of Kayaking and Climbing depending on the time of year.

I like to design websites and animations for personal use and for friends and also like to learn new skills in Web Design that I can utilise for work and any personal projects I may have.
